

# CPSC 410 Check in 4

Group Number: 12

Members: Matthew Wu, Calvin Zhang, Ray Huang, Samantha Tseng, Shaun Gao

## Status of Implementation

Nothing, more implementation over the weekend.

## Plans For Final User Study

We plan to do a user study on 2 developers with experience in Java to get feedback on the usefulness of our analysis and visualization.

## Projected Timeline

Mar 21 (Friday):

- Design second round of user studies
- 40% done implementation

Mar 28 (Friday):

- Begin integration tests
- Added Unit tests
- 80% done implementation
- Bug fixing
- Completed second set of user studies

April 4 (Friday):

- Project deadline
